

ECT Policy

Approved by: Headteacher & SLT

Last reviewed: July 2022

Next review: July 2024

Aims

- Run an ECT induction programme that meets all the statutory requirements
 - Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers
 - Ensure all staff understand their role in the induction programme
-

The induction programme

For a full-time ECT, the induction programme will last for two academic years. Part-time ECTs will serve a fulltime equivalent. The programme is quality assured by an 'appropriate body' (reviewed annually). The school follows the DFE Funded – provider led programme. The external provider of the Early Careers Framework is reviewed annually.

Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
 - Have an appointed mentor, who will have qualified teacher status (QTS) and an induction tutor.
 - Have a reduced timetable to allow them to undertake activities in their Early Careers Framework induction programme.
 - In the first year a 10% reduction in the second year a 5% reduction should be timetabled when compared to our existing teachers on the main pay range. Be assigned to an external provider for the Early Careers Framework.
 - Regularly teach the same class or classes
 - Take part in similar planning, teaching and assessment processes to other teachers working in similar posts.
 - Not be given additional non-teaching responsibilities without appropriate preparation and support
 - Not have unreasonable demands made upon them
 - Not normally teach outside the age range and/or subjects they have been employed to teach
 - Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis
-

Support for ECTs

- We support ECTs with:
- Their designated subject mentor tutor, who will provide day-to-day monitoring and support through the Early Careers Framework, and an induction tutor who will have an overview of activity and will co-ordinate assessments.

- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback
- Regular professional reviews of their progress, to take place [half termly], at which we will review their objectives and revise them in relation to the relevant standards and their current needs and strengths
- Chances to observe experienced teachers, either within the school or at another school with effective practice
- A programme of CPD throughout the year alongside the Early Careers Framework

Assessments of ECT performance

- Each half term an ECT's teaching will be observed against the teaching standards. This should be undertaken by the Induction tutor.
- Each term the ECT and Induction tutor will meet to undertake a professional progress review to identify development targets. Progress reviews are not formal assessments and there is no requirement for ECTs to create evidence specifically to inform a progress review.
- ECTs are expected, nonetheless, to engage with the process and provide copies of existing evidence as agreed with the induction tutor.
- The induction tutor will notify the appropriate body after each progress review to inform whether the ECT is making satisfactory progress. Where this is not the case a plan will be shared to outline the strategies in place to support the ECT in getting back on track. ECTs are required to undertake 2 formal assessments.
- This must be undertaken by the Headteacher or Induction Tutor. These will take place at the end of the first year (term 3) and in the final term of induction (term 6). ECT's should be kept up to date on their progress. There should be nothing unexpected.

At-risk procedures

If it becomes clear the ECT is not making sufficient progress, additional monitoring and support measures must be put in place immediately, meaning:

- Areas in which improvement is needed are identified appropriate objectives are set to guide the ECT towards satisfactory performance.
- An effective support programme is put in place to help the ECT improve their performance.
- The appropriate body may be contacted and asked for further support
- If there are still concerns about the ECT's progress at their next formal assessment, so long as it is not the final assessment, the Headteacher will discuss this with the ECT, updating objectives as necessary and giving details of the improvement plan for the next assessment period.
- Under the statutory guidance ECT are also required to complete the Early Careers Framework materials provided by the external provider.

Roles and responsibilities

- Provide evidence that they have QTS and are eligible to start induction
- Meet with their induction tutor at the start of the programme to discuss and agree priorities, and keep these under review.
- Agree with their induction tutor how best to use their reduced timetable allowance
